Traveling to Frankenmuth is almost like going to Bavaria with its beautiful buildings, shops & attractions and great food. Bavaria is the second largest state in Germany and is one of the oldest states in Europe with its capital being Munich. "Franken" depicts the province from which the founders came and "muth" means "courage" in German.

We'll dine at the Bavarian Inn, enjoying their famous chicken dinner . . . a fabulous feast all the way through to dessert! We'll also be discovering true Bavarian hospitality in this picturesque downtown area filled with its Olde World European flavor without crossing an ocean. You'll have choices of shopping or strolling through acres of beautiful riverfront, listening to the hoof beats of horse-drawn carriages and admiring architectural gems like the Glockenspiel and authentic covered bridge. Lastly we'll be visiting Bronner's, the world's largest Christmas store, with five acres under one roof, and the Silent Night Chapel (fashioned after a chapel in Oberndorf, Austria, where "Silent Night" was first sung).
