Today we'll be traveling to Grand Island, New York, arriving in the Buffalo Niagara Region where our 149-passenger motor yacht, the Grand Lady, awaits us. Passengers will be dining in the Atrium Dining Room on this two-hour cruise and we anticipate the same great entree selections as last year, chicken and beef, so please make your selection when booking.

As we travel along, we will be visiting New York's Village of East Aurora. Founded in 1804, its rich history remains an integral part of its present day character. It has been the home of interesting individuals including U.S. President Millard Fillmore and Elbert Hubbard, leader of a Roycroft Arts & Crafts movement. Our stop will be like a trip to the past at Vidler's Five & Dime Store. With two levels, occupying four connected 19th century buildings, it is possibly one of the largest 5 & 10 variety stores you'll ever see. You'll be taking a trip down memory lane as you walk across the wooden floors to buy a 10 cent bag of popcorn. Added this year, is a visit to the first of an anticipated chain across the country, the "Made in America" store. It has been featured on a number of television shows. Everything from the cans to the labels to the glue on the labels must be made in this country. We are pleased that we've been able to keep the price the same as last year.
