Saturday June 23, 2012

\$112

Elyria, No. Olmsted, Middleburg Hts, Independence, Beachwood, Boston Hts, As Applicable

This tour has been enjoyed by so many passengers that we are offering it unchanged. We hope we don't give too much information away, but you will be traveling to the Commonwealth of Pennsylvania where one of the inclusions is a train excursion through an important area in our nation's history . . . along with several of the "most visited" places in the area.

We'll also be enjoying other attractions with historical musical instruments, including colorful calliopes being demonstrated as well as a great luncheon with several entrees that are offered. This package resounds in history, several meal choices and musical memories of the past.
