This tour transports you to the Port Clinton dock and then travel to South Bass Island aboard the Jet Express. It's a large, comfortable vessel that takes us across the lake on a relaxed ride (in about 25 minutes).

We'll arrive in Put-In-Bay where a delicious luncheon awaits us at one of this popular Island restaurants. After our meal we'll board the Tram to tour this island vacation spot. The package also includes the presentation at the National Park Visitor Center where you'll learn about the "War of 1812 and the Battle of Lake Erie".

The rest of the afternoon will be yours to enjoy this island paradise and its many shops or to travel back to Heineman Winery and Crystal Cave. Some prefer one of the afternoon shows on the Island or to relax at the Gazebo. Enjoy this great destination at the same price as last year.
