In this special four-day expanded New York City package we've included sightseeing of various attractions and landmarks, as well as dining in some of the top "Big Apple" restaurants . . . making this one of our most popular tours of the year.

You'll be traveling through the gentle hills of Pennsylvania and staying at a close-by, suburban New York City hotel; a delicious dinner awaits us upon our arrival. There will be guided tours as we see Wall Street, Columbia University, Rockefeller Center and St. Patrick's Cathedral, along with a lunch break at a unique venue. Later you'll be enjoying the view from the Empire State Building Observatory overlooking this thriving metropolis.

We'll visit the fascinating museum on Ellis Island and experience the magnificent Statue of Liberty before traveling to Little Italy for shopping and our dinner. We'll also be seeing Trump Tower, the Museum of Natural History, Grant's Tomb, Harlem, the Apollo Theatre, St. John the Divine Church and much more. One evening we will be eating at one of the area's top restaurants which will be followed by a hit Theater performance and, during another evening, we'll be dining at Sal Anthony's also known as Ristorante S.P.Q.R. The Senate of Ancient Rome used the monogram S.P.Q.R. and it can still be seen throughout the beautiful ancient city today. Sal's is one of the city's most popular restaurants in the Little Italy area with those who should know . . . and our past guests.

During previous tours we've seen shows such as Tony Award winning musical, "Hairspray", "In the Heights", the newest production of "West Side Story", "Billy Elliott" and last year the Divine Musical Comedy, "Sister Act", directed by four-time Tony winner, Jerry Zaks. Also see our One-Day Shopping Tours to New York City for those interested in having a full day in the Big Apple to shop, dine or attend a matinee show on their own. We also offer express tours to the November Macy's Thanksgiving Day Parade, the September 22 - 24 "Broadway Cares" Flea Market & Auction and the July 9-12 NYC and Atlantic City with rooms at the Sands Resort & Casino in Lehigh Valley. Seven meals total are included in this four-day package.
