Lancaster County, Pennsylvania, is known for a lot of things including its Amish communities, industrious people, plant tours and great dining, but has developed over the years into a true entertainment mecca. This tour includes two of the top shows and many of the other great destinations. We'll be arriving in the Lancaster area and then enjoying a fabulous dinner-show with the musical "Wizard of Oz". This production includes songs you grew up with along with characters you've grown to love. You'll be seeing the yellow brick road and hearing songs such as "Ding Dong the Witch is Dead" and "If I Only Had a Brain", as we travel to the land of Oz. While we've upgraded the inclusions, the price remains the same.

Our accommodations will be impressive as we've upgraded the tour to have you stay at Willow Valley Resort, also known as the Willow Valley Inn and Suites, surrounded by the beauty of Lancaster County. It's a far cry from the typical hotel room you might be expecting. Enjoy this exceptional property that has been serving guests for forty years . . . known best for its hospitality.

We also have reserved seating at one of the most popular places in Lancaster County (and all of Pennsylvania), the Sight & Sound Theatre in Strasburg, remaining one of the "three most-visited theaters on the East Coast". This year's performance of "Joseph" is an epic that thousands of our guests have enjoyed.

We've continued the great meals that our Lancaster tours are known for, including the Good'N Plenty, Dutch Apple Dinner Theatre and a luncheon in the dining room at the beautiful Hershey Lodge. Five expanded meals are included.
