

Great Day! Scheduled Tour Summary

ARK ENCOUNTER & CREATION MUSEUM

TUE-WED JUNE 9-10, 2026

Departures, as applic: Mayfield, Beachwood/Orange, Independence, Middleburg Hts, No.Olmsted, Elyria, Mansfield, Grove City.

This tour travels to two of our more popular destinations, the Ark Encounter and the Creation Museum, this year you will be dining right at the Ark Encounter!

One by one and two by two Noah loaded his family and many of the world's animals into an Ark that he constructed. While it remained afloat throughout the flood, no one has ever discovered the "original Ark". We will, however, be going aboard a new version built in a similar fashion and to the same dimensions reported in the Bible.

We will not be traveling to the Mountains of Ararat nor to Sumeria, but we will see the Ark much closer in Kentucky. The Ark is a massive 510-foot long wooden structure, constructed at a cost considerably more than what Noah spent, \$92 million. In an article in the newspaper following our initial tour, the Ark was described as an "*attraction of Biblical proportions*". You will be seeing the progress made on the Ark as you tour, seeing how Noah, his family and the animals may have lived.

Carrying on the theme of this tour, at our second stop, the Creation Museum, you'll experience Biblical History like never before! While the museum boasts the chronological retelling of the Bible, you may also enjoy the nearly 150 exhibits that feature animatronic dinosaurs, or the state-of-the-art planetarium, perhaps even the zoo or nature trails that make up the land.
